REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2007-08 school year was both exciting and challenging! For the first time Spaulding Middle School (SMS) students wore uniforms. The change went very well, and parents did a great job helping the school successfully implement the new uniform policy. Our students looked great and were not distracted from learning by fashion and fads.

Improving student achievement continued to be the focus for 2007-08 school year as Spaulding Middle School worked to improve its 2007 "Below Average" rating to "Average" in 2008. A major endeavor has been to help students raise their personal expectations for their academic success and continuous improvement. Teachers talked at length with students and parents about strategies for improving academically and setting goals for the future. Parent workshops were held for parents to share the standards students would be working on during the nine weeks. Many parents participated in sessions designed to help them understand and help their child with math. SMS maintained its focus and worked diligently to provide the best education possible for all students.

Faculty participated in intensive professional development during 2007-08 focused on increasing the rigor of the work given to students and increasing the level of student engagement in the classroom. Benchmark testing for English/Language Arts (ELA), math and science were administered to assess student progress and provide data regarding students' instructional needs. Teachers addressed students' weaknesses through targeted instruction and remediation. Throughout these processes, an advisory team provided staff members with recommendations to improve teaching and learning.

Spaulding Middle School, a Title I school-wide site, is committed providing the children in the Lamar area with a quality education. We will continue to work toward that goal and welcome the support of community and business members.
